

Full Moon Hike

The *Full Moon Hike* is a moderately strenuous hike to appreciate the beauty of the Arboretum at night. It is not a guided tour of the Arboretum collections. The group will hike approximately four miles at a brisk pace over hilly and uneven terrain for two hours with minimal stops.

To make your experience more enjoyable, please note the following guidelines:

- **Entrance for hikes will be through the R Street gate only** (off Bladensburg Road NE). Note: If you are using a GPS system to find the Arboretum, do not use our New York Ave. street address in your GPS system, as that will lead you to a locked gate on New York Avenue. Enter 2450 R St. NE, which will direct you to the R Street gate.
- Please note that the Arboretum gates are locked daily at 5:00 p.m. Hike participants will be permitted to enter 30 minutes prior to the start of the hike. Hike start times vary through the year, so please check the start time of your hike.
- Please arrive 15-30 minutes prior to the start of the hike. The group will leave the building promptly at the hike start time. The Arboretum gate will be locked at the hike start time and no one will be allowed to enter after the program has started.
- Flashlights adapted for night vision will be carried by the guide and volunteers only. The guide will ask the group to keep talking to a minimum to enhance the experience.
- Sorry, no pets or children under 16 allowed.
- All guests must be pre-registered. We do not accept payment or registration at the hike.

Hikes will be held in all types of weather including light rain or snow. If the Arboretum decides to cancel the hike due to threat of inclement weather, you will be contacted the afternoon of the hike by phone or e-mail and offered a refund or an opportunity to reschedule.
