

Visitor Parking and Shuttle Guide

Welcome to the U.S. National Arboretum, a U.S. Department of Agriculture research and education facility and a living museum.

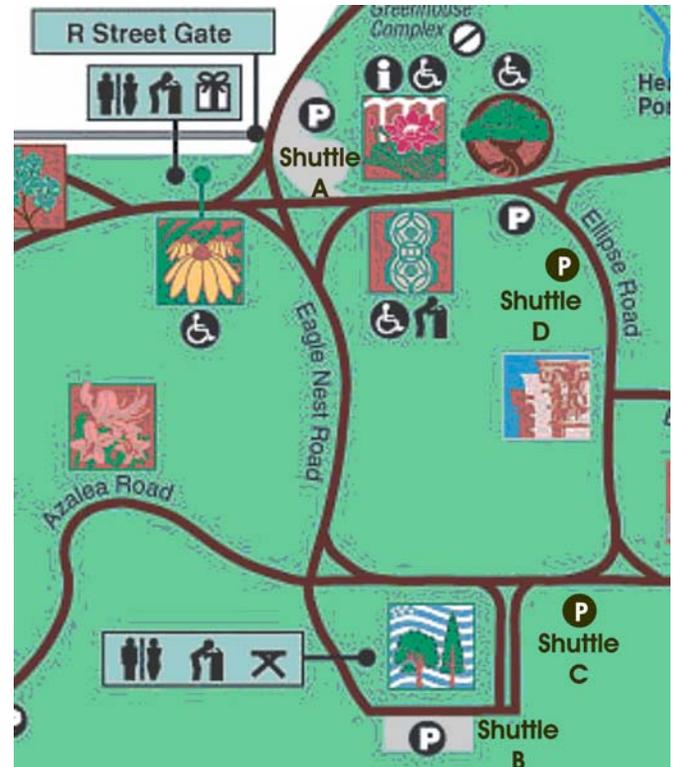

Exciting seasonal displays of magnolias, azaleas, dogwoods, roses, crabapples, wildflowers, and fall color bring large numbers of visitors to the grounds in April, May, and October. To facilitate your experience, we have expanded the parking available and are providing a free shuttle to make your trip more convenient. Please take a minute to study our map (right) so that you know where to park and wait for our weekend shuttle.

Pick up a copy of the Visitors Guide at the Administration Building for a map of the grounds and collection information.

Please obey signs, speed limits, and visitor rules while at the arboretum. We are glad that you are here!
